Subject: **Production Revival at Kunnar Pasakhi Deep (KPD) Field**

Dear Sir,

Oil & Gas Development Company Limited (OGDCL) as part of its production optimization drive has successfully re-injected six (06) low pressure wells from Kunnar Pasakhi Deep (KPD) Field through in-house arrangement of compression and operational modifications. This has resulted in enhancement of 16 MMSCFD of gas, 150 BPD of condensate and 18 MTD LPG from the Field. The gas is being injected in M/s Sui Southern Gas Company Limited (SSGCL) network with effect from 11.12.2023

2. KPD Field is located in the Sindh Province about 25 km from Hyderabad. The field is currently producing 1600 BPD Condensate, 107 MMSCFD Sale Gas and 195 MTD LPG with two trains of Amine Sweetening and Glycol Dehydration units, LPG extraction and allied utilities. It is pertinent to mention here that OGDCL's relentless efforts to address the decline in gas production and enhance national energy security reflect its commitment to the socio-economic development of Pakistan.

3. The above information is submitted in compliance with Section 96 of the Securities Act, 2015 and Clause 5.6.1(a) of PSX Regulations, for dissemination amongst your members please.

Yours Sincerely,

(Wasim Ahmad)

A/Company Secretary
