

# REQUIREMENT OF CONSULTANT / ADVISOR

Oil & Gas Development Company Limited (OGDCL) is looking to hire the services of Consultant / Advisor (Drilling Operations) to provide guidance and technical support for enhancing efficiency and economy in Company operations.

**Qualification:** Bachelors of Engineering (04 years equivalent by HEC) or 03 years Diploma of Associate Engineer (recognized by Board of Technical Education). Relevant higher qualification will be an added advantage.

**Experience:** 25 years' post qualification in-depth experience in case of Bachelors of Engineering or 30 years post-qualification in-depth experience in case of DAE. Minimum 05 years as part of management team / senior supervisory position under Well engineering and Operational functions with leading local and internationally reputed E&P companies. The candidate should have strong communication skills and ability to train others. The role requires:

- To deliver assessment on ways to optimize drilling performance on different types of drilling wells including horizontal oil & gas, HPHT and unconventional wells in different basins across Pakistan.
- To advise Executive Management on advancing drilling practices through analyzing drilling data and the performance of new or existing drilling techniques and to determine a need for recommendations, and/or modifications with respect to costs and operating efficiency consistent with established Industry best practices.

## NOTE:

- Period of Consultancy Services shall be one (01) year.
- Company reserves the right to stop the process at any stage.
- Only shortlisted candidates will be called for interview.
- No TA/DA will be admissible for the interview.
- The last date for submission of applications is **August 10, 2020**.
- Detailed CVs to be sent to:
