If there is a discrepancy between words and figure, the amount in words shall prevail.
- 26.4 A substantially responsive bid is one, which conforms to all the terms and conditions of the Bidding Documents without material deviation. A material deviation is one which being inconsistent with the Bidding Documents, affects in any substantial way the scope, instruction to Bidders, quality or prescribed completion schedule or which limits in any substantial way, OGDCL's right or the bidders' obligation under the Contract.
- 26.5 A bid determined to be non-responsive will be rejected by OGDCL and shall not subsequently be made responsive by the Bidder by correction of the non-conformity.
- 26.6 OGDCL may waive any minor deviation non-conformity or irregularity in a bid, which does not constitute a material deviation, provided that the waiver does not prejudice or affect the relative standing order of any Bidder.
- 26.7 To assist in determining a bid's responsiveness the Bidder may be asked for clarification of his bid. The Bidder is not permitted, however, to change bid price or substance of his bid.
- 26.8 The evaluation of the bids will take into account, in addition to the bid price, the following factors:
- a) Reliability and efficiency of the offered Service.

- b) Financial standing of the supplier.
- 26.9 The award of the Contract/Service Order shall be made to the Bidder whose bid has been determined to be the lowest evaluated bid as per bid evaluation criteria and weightage given to technical and financial proposal, after considering all factors and who meets the requisites of Schedule of Requirement (Scope of Work/Bid Format).
- 26.10 The purchaser shall notify by fax/letter, the successful bidder of its intent to enter into a contract. The contract shall be executed only after all necessary management/Governmental approvals have been obtained.
- 26.11 The bidders may lodge a written complaint for redressal of their grievances and disputes to Committee for Redressal of Grievances & Settlement Dispute within fifteen (15) days of the placement of the Technical Evaluation Report on the web.

TERMS OF REFERENCE (TOR)

FIRE FIGHTING MANPOWER SERVICES FOR OGDCL HOUSE, F-8 MEDICAL CENTRE, I-9 COMPLEX (BASE STORE, WORKSHOP, OGTI, G&R LAB) ISLAMABAD AND BOBI OIL COMPLEX (BOC) (SANGHAR)

Fire in the workplace is one of the most significant hazards to employee's lives and health. It is a hazard, which can potentially strike any workplace. The effects of workplace fires are devastating to employees and the employers. Historically, workplace fires have been one of the leading causes of worker deaths and injury, exacting a toll of emotional trauma and financial hardship on families. Fires also destroy productive buildings and equipment, disrupt operations and so damage the financial viability of businesses. In our complex and interconnected market economy the losses, disruptions and costs of workplace fires spread beyond the physical site of the fire and continue long after the flames are out. The public interest in preventing workplace fires and in reducing the damaging effects of fires that do occur is clear and has given rise to an integrated structure of fire safety.

To safeguard the employees, valuable data, equipment, building, assets, environment etc OGDCL requires firefighting manpower services to ensure the safety of its personnel and assets at following premises as per the TOR.

- i. OGDCL Head Office (Islamabad);
- ii. F-8 Medical Centre (Islamabad);
- iii. I-9 Complex (Base Store, G&R Lab, Wireline Logging Shed, Workshop, Oil & Gas Training Institute (OGTI)) (Islamabad) and
- iv. Bobi Oil Complex (Sanghar) BOC

Fire fighting & rescue services are required at OGDCL to protect its employees, equipments, assets and the environment. Term of these services will be for three years extendable with mutual consent.

OGDCL has a comprehensive fire detection and alarm system at its Head Office along with fire extinguishing arrangements. Detail of the firefighting arrangements is given as under:

Addressable Fire Detection and Alarm System

At I-9 Complex fire extinguishers available whereas at Bobi Oil Complex extinguishers along with fire hydrants, fire pumps, foam tanks, fire lorry etc is also available for firefighting purpose. However, the firefighting firm will ascertain the situation and will arrange necessary equipment as and when required or will propose OGDCL for the necessary firefighting arrangements. Firm will also carry out comprehensive inspection of all the sites and will prepare monthly reports regarding firefighting prevention, detection and response.

The firm needs to identify, implement and perform the following elements regarding fire & safety during their contract period:

1. FIRE PREVENTION

Fire Prevention involves elimination or control of conditions or substances that could ignite or fuel a fire. Effective fire prevention requires vigilance, action and cooperation. Vigilance involves regular inspection of the workplace to identify fire hazards.

i. Conduct round the clock Fire Watches in the building.

Fire staff shall patrol the building and its surroundings to conduct fire watch.

ii. Conduct fire compliance inspections.

Fire staff will conduct fire compliance inspections on regular basis.

iii. Report the findings to Management for Corrective Actions.

All the findings will be reported to the concerned department for necessary arrangements.

iv. Make follow-up inspections of compliance items to ensure corrective actions.

After reporting the finding, fire staff will follow up the action taken against the report.

v. Compliance and Coordination with Fire Authorities.

Firm will ensure compliance of requirements of Government authorities (Civil Defense, District Management Authorities, CDA etc) at OGDCL premises and will accompany OGDCL officials during checking/inspection of OGDCL premises and for coordination with these authorities and regarding fire-fighting arrangements.

- vi. Preparation of Fire procedures.**
Firm will coordinate with concerned department for preparation of emergency evacuation procedure.
- vii. Accompany District Management Authorities on inspections.**
During government authorities inspections regarding fire-fighting arrangements fire staff will accompany them.
- viii. Fire safety education and training.**
Fire safety education and fire fighting training will be provided to the occupants of the building as and when required basis.
- ix. Assist in developing and publishing fire safety policies & Fire Plan.**
The firm will assist and coordinate with the concerned departments in developing fire safety policies and fire plan.
- x. Ensure inspection, testing, and reporting of fire system problems.**
During the contract period fire staff will inspect, test and report the fire system problems regularly to concerned department.
- xi. Coordinate emergency evacuation exercises for occupants.**
To familiarize the occupants with the routine procedure, fire staff will coordinate emergency evacuation exercises and disaster exercise in coordination with external authorities; written report (De-brief) and written corrective action from each drill to be presented to concerned department.

2. FIRE DETECTION

Every workplace must have fire detection and alarm system to alert employees of the outbreak of fire and the need to evacuate and to summon firefighters. These are useful means of reducing the harm to people and property in the event of fire. At OGDCL House state of the art addressable fire alarm and detection system is installed connected with LED at main fire control room. The firm will carry out the following

- i. Conduct round the clock Fire Watches in the building.**
Fire staff shall patrol the building and its surroundings to conduct fire watch.
- ii. Assist in the design of fire extinguishing, detection, and alarm systems.**
Firm will coordinate with concerned department in the designing of fire extinguishing, detection and alarm system whenever it is required.
- iii. Monitor fire detection and fire alarms through fire alarm control panel.**
Fire staff will be present at the fire control panel round the clock to monitor fire detection

3. FIRE FIGHTING

Despite the best efforts of fire prevention, fires do occur. It is important, therefore, to include in workplace fire safety planning considerations and trained personnel for fire suppression or extinguishment and for evacuation of persons in the event of a fire emergency. In event of fire the firm's will be responsible for:

i. First responder to fire alarms.

On any fire alarm fire staff will be the first to check the cause of fire alarm.

ii. Respond to and follow up on all fire incidents.

On any fire incident the fire staff will respond instantly with their full gear to fight the fire.

4. FIRE SYSTEM MAINTENANCE

Portable fire extinguishers, hose/standpipe systems, and automatic fire suppression systems can cause injury during a fire emergency or at other times if they are not properly designed, installed, tested, maintained, and operated.

Fire detection and alarm system, exit lighting, fire door, and other item of equipment, where provided, should be in proper operating condition. The firm will be responsible to maintain the existing fire appliances and to maintain them operative/serviceable round the clock.

i. Manage the inspection and testing of fire systems.

It should be firm's duty to inspect and test regularly all the available fire systems installed in the building.

ii. Maintaining fire alarm systems.

Keeping the fire alarm system in working condition throughout the contract period.

iii. Inspect exit signs and emergency lighting and repair as necessary.

Exit signs and emergency lighting must be properly installed and in working condition because these are used in emergency.

iv. Conduct quarterly cleaning and testing of smoke detectors.

The firm will test, clean & service smoke detectors on quarterly basis.

v. Conduct fire compliance inspections.

Fire staff will conduct fire compliance inspections on regular basis.

vi. Report the findings to Management for correction.

All the findings will be reported to the concerned department for necessary arrangements.

vii. Make follow-up inspections of compliance items to ensure correction.

After reporting the finding, fire staff will follow up the action taken against the report.

viii. Testing of fire alarm call points.

Fire staff will quarterly test the fire alarm call point (break glasses) to ensure that these are in working conditions.

ix. Follow-up and correction of fire safety deficiencies in premises.

Fire staff will regularly correct the deficiencies of fire safety.

x. Maintenance, repairing and refilling of fire alarm/extinguishing equipment.

Firm will maintain fire alarm system and will apprise OGDCL if any repairing or maintenance is required through OEM/Installation firm. The firm will also maintain fire extinguishers and will inform if refilling or maintenance is required. OGDCL will prepare case for refilling and will pay refilling charges accordingly.

- 4.3 The Contractor further undertakes that it shall not, except with the prior written consent of the Company:
- i) make any reference publicly, whether to the press or in books, brochures, internal publications, publicity material, magazines and periodicals or by advertisement through radio, television or films or by any other medium relating to:
 - a) the Contract or its terms and conditions,
 - b) the nature or extent of Services carried out by the Contractor,
 - c) the method, materials, or equipment used and personnel employed, or
 - d) any other Company information in the possession of the Contractor.
 - ii) disclose or convey any of the matters or information referred to in (i) above to any employees of the Contractor not directly concerned with the Contract.

SECTION 16. DEFAULT:

- 16.1 If the Contractor is unable or unwilling to perform its Services in accordance with terms of the Contract, the Company may obtain conforming Services from other sources, in which case, the Contractor shall be liable to the Company for the increased cost, if any, incurred by the Company for procuring such Services from other sources.
- 16.2 The Contractor shall also be in default under the Contract if the Contractor (a) fails to fully and timely perform any of its material obligations under the Contract (b) becomes insolvent or seeks relief under the bankruptcy laws.

SECTION 17. ARBITRATION:

- 17.1 If any technical question, difference or dispute arises under this Contract, the Parties shall use their best efforts to promptly resolve such dispute, controversy or disagreement. However, if the dispute continues, either Party may give written notice to the other for appointment of an expert to resolve the dispute. The expert shall be preferably a Pakistani national and shall have at least ten years of experience in the relevant technical field.
- 17.2 If any question, difference or dispute arises regarding the rights, obligations or performance by the Parties under this Contract, the Parties shall use their best efforts to promptly resolve such dispute, controversy or disagreement. This includes without limitation the question of whether one or the other is in default and what action if any shall be taken to remedy such default. If the Parties are unable to resolve such question, difference, dispute and controversy, the matter may be referred to arbitration. Either Party may notify the other in writing specifying the nature of the dispute and designate one arbitrator to whom such dispute shall be referred requesting that the other party give notice in writing within fifteen (15) days after receipt of the notice of designation of the second arbitrator. The two arbitrators shall within fifteen (15) days after the receipt of notice of the second arbitrator,

appoint an umpire whose decision with respect to the dispute shall govern in the event that the arbitrators shall fail to agree. In the event that second arbitrator is not designated within the time specified, the first arbitrator shall have full and complete power to determine the dispute.

17.3 Arbitration shall be precedent in any action of law and that the provisions of the Arbitration Act, 1940 and rules framed thereunder shall apply. The venue of the arbitration shall be in Islamabad, Pakistan.

17.4 The expenses of arbitration shall be charged equally to the Parties unless the award of the arbitrator(s) or the umpire, as the case may be, otherwise provide.

SECTION 18. TERMINATION:

18.1 In the event of default by the Contractor, the Company shall have the right to terminate the Contract for cause, by giving written notice effective ten (10) days after the date of such notice, unless otherwise specified therein. If the Contractor cures such default within the ten (10) days period, or provides evidence to satisfy the Company that such default does not exist. In addition to any other remedy available under law or in equity, the Company shall be entitled to recover all actual damages, costs and losses incurred by the Company as a result of default by the Contractor.

18.2 The Company shall have the right to terminate the Contract, in whole or in part, without any cause at any time upon thirty (30) days' prior written notice. Upon receipt of such notice of termination, the Contractor shall promptly cease all further Services under the Contract with such exceptions, if any, specified in the notice of termination. The Company shall pay the Contractor for all Services performed and obligations incurred prior to the date of termination in accordance with the terms of the Contract.

SECTION 19. FORCE MAJEURE:
