ACQUIRING OF TUBING RENTAL SERVICES FOR DST JOBS, TCP JOBS AND ACID STIMULATION JOBS

TERMS OF REFERENCE / SCOPE OF WORK

All the bidders are required to provide a confirmation to all the mentioned Terms and conditions. The Bidder must fulfill the below mentioned Minimum Requirements to Technically Qualify. In case they do not fulfill the given criteria their bid will not be acceptable.

All the bidders are required to submit the below Tables as per the given Pattern.

1. Required Tubing, Pup Joints and X-Overs for DST/TCP String/Acid Stimulation:

1.1	The bidders to have an existing base and equipment setup in Pakistan at the time of bidding. If required, the OGDCL Team will visit the facilities to confirm the same. The bidders to confirm their capability of providing the following Tubing, X-Overs and Pup Joints on as and when required basis exclusively to OGDCL all over the Pakistan.	<p>Confirmation Required form the bidder:</p> <p>In case the Bidder does not have an existing setup than the bidder to provide an Affidavit that the same will be arranged within 60 days of LOI Issuance and failing to do so will result in the confiscation of the Bank Guarantee.</p>
1.2	3-1/2" OD, 12.95 ppf, minimum L-80 grade, RTS-6 / PH-6 / BTS-6 or equivalent premium threads (R-2) Tubing c/w thread protectors along with Dope. Quoted tubing must be H2S resistant have minimum 15,000 Psi Burst & Collapse Pressure (pipe body & connection). Quantity required = 15,000 Meters. Bidder is required to submit the technical Data sheet of the quoted 3-1/2" Tubing	<p>Confirmation Required form the bidder:</p> <p>The Bidder to confirm that they have the required quantity and in case of non-availability same will be arranged within 60 days of LOI Issuance and failing to do so will result in the confiscation of the Bank Guarantee.</p>
1.3	4-1/2" OD, RTS-6 / PH-6 / BTS-6 or equivalent premium threads (R-2) Tubing c/w thread protectors along with Dope. Quoted tubing must be H2S resistant have minimum 12,000 Psi Burst & Collapse Pressure (pipe body & connection). Quantity required = 3,000 to 4,000 Meters. Bidder is required to submit the technical Data sheet of the quoted 4-1/2" Tubing	<p>Confirmation Required form the bidder:</p> <p>The Bidder to confirm that they have the required quantity and in case of non-availability same will be arranged within 60 days of LOI Issuance and failing to do so will result in the confiscation of the Bank Guarantee.</p>
1.4	2-7/8" OD, 8.7 ppf, minimum L-80 grade, RTS-6 / PH-6 / BTS-6 or equivalent premium threads (R-2) Tubing c/w thread protectors along Dope. Quoted tubing must be H2S resistant have minimum 15,000 Psi Burst & Collapse Pressure (pipe body & connection). Quantity required = 2,000 Meters. Bidder is required to submit the technical Data sheet of the quoted 2-7/8" Tubing	<p>Confirmation Required form the bidder:</p> <p>The Bidder to confirm that they have the required quantity and in case of non-availability same will be arranged within 60 days of LOI Issuance and failing to do so will result in the confiscation of the Bank Guarantee.</p>

1.5	<p>The bidder to confirm that they will provide all the required X-Overs and Pup Joints etc. (certified by API) of different sizes, 3-1/2" 4-1/2" & 2-7/8" etc. compatible with combination string and with equivalent Thread connections to Tubing and various API threads (IF, NUE, EUE etc.).</p> <ul style="list-style-type: none"> • The X-Overs should be available as ex-stock items to cover all the DST/ TCP String/ Acid stimulation requirements. List of Available X-Overs to be provided along with the Technical Proposal. • The pup joints to cover all the DST/ TCP String /Acid stimulation requirements. List of Available pup joints to be provided along with the Technical Proposal. • In addition, 3-1/2", 4-1/2" & 2-7/8", PH-6 X 1502 WECO Connection X-Over should also be available. • Complete list of Available/required X-Overs, Pup joints, for DST/TCP string to be provided along with the bid. <p>The bidder will be informed prior to the job to arrange the required X-overs, pup joints and flanges.</p>	<p>Bidder to Confirm To Provide the List of X-Over and Pup Joints available in Stock. In case the bidder does not have the X-Overs available in stock then the bidder will be required to confirm that they will arrange/Fabricate the same</p>
1.6	<p>The bidder must have their own capability to thread API certified/ PH-6/Hydril CS or 100% Interchangeable threads and API threads or they must have a working Relationship with an Authorized setup in Pakistan. The bidder to submit documentary evidence.</p>	<p>Bidder to Confirm/Provide.</p>
1.7	<p>The Bidder to Provide Mill Test Certificates, Recent Inspection Reports, Import Documents and Purchase Order copies to confirm the Rating, condition and Feasibility of the Rental Tubing for the required services.</p>	<p>Bidder to Confirm/Provide</p>

2. Terms and Conditions:

2.1	<p>Bidder is required to confirm to handle 3-4 simultaneous jobs on OGDCL wells</p>	<p>Bidder to Confirm</p>
2.2	<p>Bidder will hold Up to 15,000 Meters 3-1/2", 3,000 to 4,000 Meters 4-1/2", and 2,000 Meters 2-7/8" tubing along with the necessary handling running in equipment, crew exclusively for OGDCL which will be provide on call out basis maximum 4 days or less.</p>	
2.3	<p>The Tubing handling equipment will be arranged by the bidder and should constitute but not limited to the following Items for 3-1/2", 4-1/2" & 2-7/8" string.</p> <ol style="list-style-type: none"> Hydraulic Tubing Tong. Hydraulic Power Unit. Single Joint Elevator. Side Door Elevators Stabbing Guides Tubing Drift Rotary Hand Slips Safety Clamps Jam Unit Thread Protectors HYT Elevator (175-200 Tons) YT Elevator (75-100 Ton) Non Slip Type Elevator <p>Any Additional Item required for handling/ Running of Rental String and not mentioned in the list above should also be arranged by the bidder. The above mentioned Tubing handling Gear will be arranged by the bidder.</p>	

2.4	Quantities specified above are for each tubing size. Bidders to submit supporting documents including but not limited to available quantities for each size, backup arrangement, technical specifications, valid fitness / inspection reports, API certificates, recommended handling, running and operating procedures etc.	
2.5	The bidder will be responsible to arrange the transportation of tubing, equipment and personnel on maximum 4 days or less.	
2.6	The Tubing Joints should be properly Inspected prior to each mobilization. The bidder to provide TPI certificates to the field Engineer on arrival at location for the specific joints being used for that particular rental job	
2.7	Bidder to ensure that TPI is carried out after each run during the jobs without any additional cost. The cost should be included in the tubing rental	
2.8	Bidder Personnel will be required to submit detailed Daily Report to Company Site Representative.	
2.9	It will be the responsibility of the bidder to ensure smooth Operation and arrange backup on as and when required basis without any additional cost	
2.10	Only Hydril 'PH-6' threads and 100% Interchangeable threads i.e. Grant Prideco RTS-6, TPS Technitube "TS-6", Hunting TS-HD, Benoit "BTS-6", Weatherford's WTS-6	
2.11	OGDCL will provide boarding and lodging for the Contractor's personnel at Rig site and all consumables such as diesel for power units will be OGDCL responsibility	
2.12	Bidder to confirm compliance to OGDCL's HSEQ policy.	

3. Financial Evaluation Criteria

3.1	Financial evaluation will be carried out on the given format only. Bidders are strictly advised to follow the same and quote each and every line item where required without fail. Any other format will not be acceptable. In case bidder does not follow the given financial Evaluation criteria will not considered for financial evaluation and the bid will be considered as non-responsive without seeking any clarification.	Bidder to Confirm and quote as per Financial evaluation format sheet without fail.
3.2	The purpose of the contract is to have the provision for Rental Tubing Job for proposed 40 no of wells. The Financial Evaluation will be carried out on a 40-day Rental / Services Mobilization (as explained in detail in Financial Evaluation Criteria) for a well consisting of 3 to 4 DST Jobs. Payments will be made on actual number of jobs.	
3.3	Bidder are strictly advised to quote uniform unit rates wherever applicable e.g. Pup joints, X-overs, Flanges etc. In case of non-uniform unit rates will be quoted than financial evaluation will be carried out on highest quoted unit rates accordingly	
3.4	The Stand By rates should not be more than the Operational Charges for all items / Personnel.	
3.5	The bidder to quote the discounted rates on weekly and monthly basis.	

4. Operating environment:

4.1	The operating environment may be up to a maximum of the following conditions: <ul style="list-style-type: none"> i. Quoted 3-1/2", 2-7/8" tubing must withstand to a maximum differential pressure of 15,000Psi. ii. Quoted 4-1/2" tubing must withstand to a maximum differential pressure of 12,000Psi. 	Bidder to Confirm.
-----	---	---------------------------

	<p>iii. Quoted tubing must withstand to a Temp between the Ranges of: 0-350 degree Fraenheit.</p> <p>iv. Quoted Tubing must be compatible to the maximum limit of H2S for L-80/T-95 or equivalent H2S resistant grades</p> <p>v. DST Jobs/TCP/ Acid stimulation jobs may be carried out through the rental tubing.</p> <p>No Damage beyond repair charges to Tubing, Pup Joints and X-Overs will be entertained if the well conditions are within the above specified criteria.</p>	
--	---	--

5. Payment Terms and Conditions:

5.1	Quoted rates shall be firm and inclusive of all applicable taxes, duties levies etc. except Provincial Sales Tax/ICT on Services wherever applicable will be borne by OGDCL.	Bidder to Confirm
5.2	The payment will be made through cross cheque in 100% Pak Rupees, at actual, against verified invoices at official exchange rate prevalent on the date of payment.	
5.3	If any of the equipment fails/breaks down during operation at well site and causes delay, no operating and standby charges for crew/equipment will be paid during shut down period	
5.4	<p>Rental charges for all the equipment /Personnel shall commence from the day the complete equipment /Personnel reaches the Well site till it is released from location. The Tubing rental should be inclusive of the following:</p> <ul style="list-style-type: none"> • Cost of the third party inspection, carried before mobilization and after it returns. • Cost of the third party inspection at Rig site • I.D Cleaning Charges. • Dope required for running the Tubing. • Routine repair charges. 	
5.5	In case of job completion and release from Location Daily rental/services will be applicable for the last day only if the tubing/rental equipment / Personnel are Operational for more than 6 hours on that given date.	

6. Contract Duration:

6.1	The contract will be on rate running (as and when required) basis. The duration of the contract will be initially for three (03) years from the date of mobilization to the first well. Further extension in the contract will be made based on mutual consent of both parties in writing.	Bidder to Confirm
6.2	The Bid proposal/rates should remain valid unconditionally during the period of contract	

7. Repair of damaged rental tubing:

7.1	<p>The Handling will be borne by the bidder therefore any repair and damage due to mishandling / wear and tear due to repetitive rental usage will be on the bidder's behalf.</p> <p>Routine repair will be on the bidders own account</p>	Bidder to Confirm
-----	--	--------------------------

8. Lost in hole/damaged beyond repair charges:

8.1	<p>The bidder to quote per joint price of the tubing/Pup Joint /X-over that will be charged to OGDCL in case it is "Lost in Hole" or damaged beyond repair. The LIH/DBR rates will be made part of the Financial Evaluation. However, the actual payment will be negotiated on the basis of the following:</p>	Bidder to Confirm
-----	--	--------------------------

	<ol style="list-style-type: none">1. The Quoted LIH rates by the bidder will be considered for New/Unused Tubing Joint/Pup Joint/X-Over.2. In case the LIH/DBR Tubing/Pup Joints /X-Overs have been in repetitive use the same will be negotiated for derated value of the actual Price on the basis of the following:<ul style="list-style-type: none">• Number of Jobs executed by the relevant Joints.• Date of Manufacture of the joints.• Date of Import of the relevant Joints.• The Claims will be negotiated on Pro Rota basis with Mutual consent.• If required Third Party Inspection/Evaluation form certified Inspectors may also be required with a predefined scope of evaluation with mutual consent.• Any additional cost for Third Party Evaluation will be on bidders account.	
--	--	--

FINANCIAL EVALUATION CRITERIA

FINANCIAL EVALUATION SHEET MUST BE FILLED BY EVERY BIDDER										
1	Bidder must quote the cost of every item where required as per the below given format, incomplete financial bid will not be entertained. Bidder must strictly follow and quote prices in case of noncompliance bid will be treated as non-responsive. Any other format will not be acceptable.									
2	All the Bidders are required to Quote the Prices/rates in US Dollars exactly as per the Given Format without Fail.									
3	Payment will be made in equivalent Pak Rupees as per actual Utilization of Services.									
4	The Financial Evaluation will be carried out on "Grand Total cost of Rental/Services for estimated 40 no of wells". On the basis of 40 Days Rental Period plus LIH/DBR cost wherever applicable for 3 to 4 DST Jobs per well in combination of all the quoted rates as follows:									
1		5,000 METERS OF 3-1/2 INCH TUBING RENTAL PER JOB								
Description	Charges for 01 Day Operating (Meter/Day)	Charges for 01 Day Standby (Meter/Day)	Charges for 01 week (07 Days) (Meter/week)	Charges for 01 Month (30 Days) (Meter/Month)	LIH/DBR cost (01 Joint)	Charges for 01 Day Operating (5,000 Meters)	Charges for 02 Days Stand By (5,000 Meters)	Charges for 01 Week (07 days) (5,000 Meters)	Charges for 01 Month (30 days) (5,000 Meters)	LIH/DBR cost (20 Joints)
