(2)

DETAIL DESCRIPTION OF 20" ERW CASING & CROSS OVERS (SOR)

GROUP-A

1. 20" OD, ERW casing pipe conforming to API specs 5CT, Grade K-55, Weight 133 lbs/ft, BTC thread connection, R-3 coupled with phosphated coupling and with composite closed end thread protectors on both ends. Proper colour coding on coupling for grade identification and with outside coating for rust protection during transit (Drift ID= 18.542"). Delivery tolerance -3 % in Qty. Quantity = 1040 Meters

GROUP-B

2. 20" OD, ERW casing pipe conforming to API specs 5CT, Grade K-55, Weight 133 lbs/ft, TSH ER/BIG OMEGA thread connection, R-3 coupled with phosphated coupling and with composite closed end thread protectors on both ends. Proper colour coding on coupling for grade identification and with outside coating for rust protection during transit (Drift ID= 18.542"). Delivery tolerance -3 % in Qty. Quantity = 910 Meters
3. Cross over, ERW Casing pipe conforming to API specs 5CT, 20", 133 PPF, K-55, BOX BIG OMEGA X PIN TSH ER, overall length 2 Meter with composite closed end thread protectors on both ends (Drift ID = 18.542"). Quantity = 02 Nos.
4. Cross over, ERW Casing pipe conforming to API specs 5CT, 20", 133 PPF, K-55, BOX TSH ER X PIN BIG OMEGA, length 5 Feet with composite closed end thread protectors on both ends (Drift ID = 18.542"). Quantity = 02 Nos.

GENERAL TERMS & CONDITIONS

1. The Manufacturers/Bidders will be required to quote CFR Karachi by Sea Prices for all the items as per SOR.
2. Bidders have to submit API 5CT PSL-3 (casing group 1 to 4) latest valid & back certificates consecutively (no breaks will be acceptable) from January 2009 for quoted Manufacturer plant. (In this regard published API composite List of January 2009 will be considered as Reference).
3. The Manufacturer of the quoted mother casing pipes & its threader should be same (Single Manufacturer).
4. The Casing Pipe manufacturing and threading plant (One/Single Manufacturer) must be certified by API under Specs. 5CT-PSL-3 since January 2009. Processor of Casing Pipes will not be considered as casing pipe Manufacturer.
5. Data/Specs sheets of quoted Casing Pipes as per Manufacturer standard to be provided by the Bidder/Manufacturer.
6. Only for Cross overs, the Manufacturer/Bidder can quote different threader, In this case the threader (for Cross overs only) must have a minimum of 10 years' experience in cutting the Premium threads having valid & last consecutive 10 years API 5CT certificates as threader with Valid license to cut the quoted threads.
7. Delivery allowance of +0 & -3% for Casing Pipes can be allowed, however the payment will be made as per the actual Meterage of Casing supplied. More than -3 % delivery allowance is not acceptable.
8. The casing pipes & cross overs must be brand new & un-used. Confirmation to this effect is required in the technical offer.
9. The successful bidder will be required to furnish mill inspection certificates for casing pipes & cross overs with shipping documents. Confirmation to this effect must be provided in the technical offer.

10. Warranty/Guarantee letter for a period of 1-1/2 year from date of shipment for the quoted casing pipes & cross overs to be submitted with the technical Bid.
11. Authority letters in original from the manufacturer(s) to bidder and from bidder to local agent for offered casing pipes with tender enquiry number to be furnished with the technical offer. The authority letter must be on company letter head, showing the name and contact details (E-mail & fax number) of the signing authority.
12. Original Brochure or brochure on CD/USB of the manufacturer(s) containing technical literature/specs sheets specifying physical/performance properties of quoted casing pipes to be submitted with the technical offer.
13. The Casing pipes manufacturer must have manufactured & supplied quoted Casing pipes to the multinational E&P companies like Exxon, PDO, KOC, SHELL, BP, TOTAL, ENI, OMV, MOL, PPL and other Internationally renowned E & P companies (not belonging to the manufacturer's own country) in excess of 5,000 Meters each year during the last Ten (10) years. The supply record must confirm this fact. The supply record should include only the sales record for offered size casing pipes during each year starting from year 2010. In this regard Manufacturer/Bidder to submit 10 unpriced copies of different Purchase orders against quoted size casing sold to 10 different E & P companies mentioned above (not belonging to the manufacturer's own country). (Documentary evidence to prove the equivalent stature of E & P company other than specified above will be required along with technical bid, to ascertain the equivalency of E & P company other than specified above will be OGDCL sole discretion).Casing Pipes sold to supply/Trading houses & service companies etc. will not be considered.
14. Manufacturer/Bidder has to submit 05 Nos certificates of satisfactory performance for quoted casing pipes issued by authorized officials of at least 5 different multinational E&P companies like Exxon, PDO, KOC, SHELL, BP, TOTAL, ENI, OMV, MOL, PPL and other Internationally renowned E & P companies (not belonging to the manufacturer's own country) with the technical bid. The certificates must be on the company letter head and should indicate the Name & Designation of the signing authority along with his complete contact details including his official email address in order to verify the same. (Documentary evidence to prove the equivalent stature of E & P Company other than specified above will be required along with technical bid, to ascertain the equivalency of E & P Company other than specified above will be OGDCL sole discretion). Certificates issued by supply/Trading houses & service companies etc. will not be considered.
15. Third party inspection (TPI) by internationally reputed inspection company is required as per oil industry practice. OGDCL will arrange inspection during manufacturing and before shipment of the consignment from any of the following third parties inspection companies (i) M/s Bureau Veritas (ii) M/s. SGS (iii) M/s. TUV Austria (iv) M/s. Velosi (v) M/s. TUV Rheinland. Bidder/manufacturer will provide full assistant to Inspection Company during inspection. Bidder to confirm that third party inspection report verified by OGDCL will be provided with the shipping documents for LC encashment.

Scope of work for TPI will be as follows but will not be limited to this.

 - (i) Full body ultrasonic inspection.
 - (ii) Visual thread inspection.
 - (iii) Full body API drift.
 - (iv) Verification of mill test certificate.
 - (v) Pre-shipment inspection to confirm that shipment is as per Issued PO w.r.t quantity, Packing, Specifications, brand new & unused, weight, length, thread protectors, coating etc.
16. Evaluation criteria is each Group Wise. i.e. Group-A & Group-B.
17. Delivery time required is 04 Months C&F by sea Karachi after LC opening.
