

PRE-BID CLARIFICATION#04
AGAINST T.E#PROC-FB/CB/PROD-4615/2020

This is with reference to subject tender enquiry and query received from prospective bidder, please be noted following clarifications:

Sr#	<u>Bidder Query:</u>	<u>OGDCL Reply:</u>
1	<ul style="list-style-type: none">• regarding ball valves, body material as required in the tender is A216 WCB, but we don't have casting pattern for these small size valves, so we need to deviate body material into forged material A105. Please confirm if A105 is acceptable instead of A216 WCB.• Please also note that forged material A105 is little bit expensive than A216 WCB.	"Body material of valves mentioned at Sr. 1, 2, 3, & 4 of Group A, both "ASTM A216 Gr. WCB" and "A105" are acceptable"

NOTE: All other terms & conditions remain unchanged.
