

Clarification No. 04

TENDER ENQUIRY NO. PROC-SERVICES/CB/DO-3050/2017

Some of the Prospective bidders have made a few queries against the subject Tender Enquiry. The queries along with OGDCL replies are given below for information of all the prospective bidders.

Sr. #	Bidder's Query/Clarification request	OGDCL RESPONSE
01	What is the estimation of the number of under reaming operations per year in each size? (rough number)	Estimation of Total number of under reamer operations per year is roughly is 5-8 jobs.. It can be more or less. Each size can be used.
02	What is the typical length enlarged? They're talking about 50M in the evaluation table, which seems very small.	50 m length in the evaluation table is just for evaluation purpose. Length will be according to subsurface conditions.
03	Is OGDCL using PDC reamers or RC models?	OGDCL is not using PDC and RC Models. OGDCL is using conventional reamers.
04	Is a partial offer (e.g. only the most common 2 sizes) acceptable or does OGDCL need the whole range in the country?	Partial offer in each group is not acceptable. All range of equipment will be required.
