

## **PRE-BID CLARIFICATION#01 PROC-LC/PT/PROD-17179/17**

This is with reference to subject tender enquiry and query received from prospective bidder, please note response to the clarification as under:

<b>Serial#</b>	<b>Clarification by bidder</b>	<b>Reply /Remarks by Company</b>
1	Cover all sizes are normally X, M, L, XL, XXL - whereas in your tender you have requested for customized sizing of individuals which would not be a company standard for manufactured product - kindly confirm if we can provide the sizes in X, M, L, XL, XXL?	Customized sizing of individuals is required.
2	Flame proof material is different in comparison to cotton coverall, kindly confirm if you require "fire proof" material or cotton for the coveralls?	Cotton stuff is required which is also used for trousers.
3	Can the names be on valorous and they can be embroider separately or do they need to be permanently embroider on the material?	No issue if embroider separately but finally that embroider piece must be stitched at appropriate place above the front pocket
