FORK LIFTER CAP: 05 TON

With reference to subject mentioned tender enquiry and further to clarifications sought by few of our prospective bidders the following clarification is hereby communicated to all prospective bidders for their review and preparation of bid accordingly.

1	As per specification given in SOR Rough Terrain Fork Lift is required 4x2 drive, whereas if we offer 4x4 drive it will be acceptable or we have to offer the required one. Because the 4x4 drive is higher and better than the 4x2 drive.	Specifications mentioned in SOR are the minimum required specs for desired fork lifters.
