## **PRE-BID CLARIFICATION # 04**

Subject: **TENDER NO. PROC-FC/CB/PROJ/KPD-3136/2017 FOR SUPPLY OF MECHANICAL, ELECTRICAL, INSTRUMENTATION AND TELEMETRY WORKSHOP EQUIPMENT**

<b>Sr. No.</b>	<b>Bidder's Query</b>	<b>Response from OGDCL</b>
1.	We need to know your run way beam height(under the rail) to fill in the" FLOOR TO TOP CRANE RAIL (HS).	This information is available in the drawing already available in the tender document
2.	For the track length, it should be supplied by the customer, because there is no information about it	The track length is throughout the length of workshop (Length is 150 feet). Also mentioned in attached workshop civil layout.
