Bidder's Question	OGDCL Reply
<p>(1) According to the <u>Tender 3.2 technical man-power</u>, it is request for API 579, 578, 610, 611 and 650 certified inspectors, but as we know, there is not personnel certificate for these items. We can't get point through your description, so we would apply more information about this.</p> <p>(2) According to the <u>Tender 3.2 technical man-power</u>, it is request for ASME certified inspector, does it means ASME Authorized Inspector (AI) ?</p> <p>(3) According to <u>Tender 6 contractor's responsibility-surface preparation and it's repainting will be in bidder's scope</u>, but we didn't find the quote price for this item. Does it means this cost will include in NDT inspection? And whether need for other special back work, such as scaffold.</p>	<p>In case there is no personal certifications for these code, it may not be applicalbe</p> <p>It's ASME Authorized Inspector.</p> <p>The cost of surface preparations & repainting shall be included in NDT inspection. Scaffolding where ever required shall be on company part.</p>
