

**CLARIFICATION NO. 01**

**Tender No. PROC-FC/CB/PROD/3187/2017**

**SUPPLY OF DEPLEX VALVES**

**Clarification is as follow:-**

“According to data sheet of ball valve, it requires 50mm ball valve-floating type. But for the 2500LB,the pressure of ball valve is very high, only can be the trunnion mounted design to meet the stable usage” Kindly clarify?

**Response to clarification is as follow:-**

**" THE DESIGN OF ALL THE BALL VALVES SHALL BE TRUNNION MOUNTED."**
