CLARIFICATION NO. 01

TENDER NO. PROC-FC/CB/PROD/NASHPA-3200/2018
SCADA SYSTEM FOR NASHPA WELLS

Clarification:

How many total input/outputs they would seek for 20 wells. (Covering future expansion). Would 15,000 Tags system be sufficient?

Reply:-

OGDCL has already provided the list of I/O's requirement of MTU and RTUs in section 4.2 and 5.0 respectively. So total I/O's for 20 wells can be calculated easily from the available data. However Vendors must ensure to incorporate 20 % extra I/O's in their quoted design.
