

CLARIFICATION NO.2

TENDER ENQUIRY NO. PROC-SERVICES/CB/DO-3229/2018 HIRING OF DRILLING RIG SERVICES ON AS AND WHEN REQUIRED BASIS.

Some of the Prospective bidders have raised some queries against the subject case. The queries along with OGDCL reply are listed below for information of all the prospective bidders.

No.	Page	Item	Bidder Clarification	OGDCL Response
1	page.3 12.2	Tender Annexure to be added in both the bids; UN-Priced with technical Bids & Priced with Commercial Bids.	'Annexure' refers to just A1-A6 or else defined	Follow as per advised in tender document
2	Page.15 COMMENCEMENT OF WORK	Company shall notify contractor in advance as per offered/agreed time frame so that the drilling unit is to be rigged up & ready to spud/work over	How to define the mobilization time. A) It starts with the issue of LOA or upon a 'mobilization notice' from company. B) Is the bidder supposed to offer a 'mobilization time' ? Or Company is to give a specific time period for notice in advance	Rigs are required as per schedule given in the tender document
3	Page.51 Clause 1.4 b	CONTRACTOR will ensure that the Drilling Rig will be available and ready to spud the well and start operations at 1st well on agreed date as per tender requirement.	What's the specific 'tender requirement'. Spud the 1st well before 30th June 2018 for the first two rigs?	As per tender documents given schedule
4	Page.16 3.1.2	Specifications of rig outfit as per Annexure-A1 and including ability to provide WBM Waste Management & Casing Running Services.	Pls confirm that casing running service is to be define as 1 or 4	Casing running in services will be covered under category "1"(Provided by the contractor, paid by the contractor)
5	Page.42 Responsibility matrix	Casing running in services -1 (Provided by CONTRACTOR, paid by CONTRACTOR covered in contract)		
6	Page.43 Responsibility matrix	Handling and running tubing tools -1 (Provided by CONTRACTOR, paid by CONTRACTOR covered in contract)	Pls confirm that tubing running service is to be define as 1 or 4	Tubing running services will be covered under category "4"(provided by the company and paid by the company and it will be covered under category "4)
7	Page.39 Responsibility matrix	Special fishing tools other than above (Provided by CONTRACTOR, paid by CONTRACTOR covered in contract)	To avoid ambiguity, pls confirm that special fishing operation (incl special fishing tools) is provided by company and paid by company	Special fishing operation(tools) will be provided by the company and paid by the company and it will be covered under category "4"
8	Page.42 Responsibility matrix	Special fishing operation (other than with tools included in Appendix-A 1). (Provided by COMPANY, paid by COMPANY.)		

No.	Page	Item	Clarification	Feedback
9	Page.40 Responsibility matrix	Replacement cost of damaged beyond repair tubulars /BHA components during entire period of contract. (Provided by CONTRACTOR, paid by CONTRACTOR covered in contract)		
10	Page.60 Clause 6.2.1	Damaged beyond repair or loss of CONTRACTOR's subsurface equipment, while operating with such equipment below the rotary table, excluding, however, damage or losses due to normal wear and tear or CONTRACTOR'S negligence, will be reimbursed by COMPANY at the depreciated replacement cost based on a four- year life period for such subsurface equipment, provided that the CONTRACTOR will not be paid less than 50% of original purchase value of equipment lost. The contractor will provide with bid the reasonable low rates for BHA components on sliding scale or the contractor will provide 03 quotes for LIH/DBR items comparable with OGDCL lowest purchases from last 03 years	To avoid ambiguity, pls confirm that LIH/DBR for contractor's subsurface equipment is entitled for reimbursement as stipulated in Clause 6.2.1	As per tender documents/draft contract given clause
11	Page.26 E1.4(B)	13 5/8" x 15000 PSI WP (Ram type preventor) (Double stage unit) with all accessories	Comparing to the previous tender, this is a new requirement. Please kindly confirm if it is mandatory to provide the 15000psi Double Ram Preventor. Is it an optional item?	It is mandatory to provide rates for 13 5/8" x 15000 PSI WP (Ram type preventor) (Double stage unit) with all accessories separately other than rig day rate.
12	Page.30 F5.1	2-7/8" HT Pac drill pipes with tool joint O.D 3-1/8" 10.4PPF on as and when required	Please kindly confirm if the company will pay extra charge for 2-7/8" HT Pac drill pipes. If so, please confirm the required quantity.	These are to be covered under Rig day rate.
13	Page.38 Responsibility matrix	Cementing Casing head	Usually the cementing casing head is provided by cementing service company, please confirm.	It will be covered under category "4"(provided by the company and paid by the company and it will be covered under category "4)
14	Page.47 a) operating rate	the operating rates will only be payable when draw-works is operative and contractors' drill string is in the hole for well operations and this rate is not in conflict with any other rate in the contract	Please kindly confirm if the operating rate here is inclusive of water waste management rate or not.	It is explained at Annexure A5-1 at serial "h" that rate for WBM Waste Management is to be quoted separately.
