1	Please mention existing Software Name for Tape Library /Media Server Administration which need Administrative support as per clause V Page 17 of RFP "Tape Library /Media Server Administrative support for both Databases".	Veritas/Symatec backup Exec version 2016 software is being use on media server
2	As per "Subject" and "scope of work" it seems that there is no support required for "Maximo" and SCHAD Applications. But as per clause X page 17 of RFP "Quarterly Cloning of Maximo and SCHAD Application and Database on test Server" it is assumed that vendor should have "Maximo and SCHAD" application expertise for cloning. Plz explain.	Please read the clause X of page 17 as 'Quarterly Cloning of Maximo and SCHAD Application's Databases on test Server'
