

CLARIFICATION#2 AGAINST TENDER # Tender enquiry no PROC-SERVICES/CB/WL-4049/2018 (WIRELINE LOGGING & PERFORATION SERVICES IN THE REGION OF SINDH & PUNJAB PROVINCES)

Following Clarification has been made in the subject tender.

S. No.	Clarifications	OGDCL Reply
1	The specification of Fields, Reservoirs and Wells in both province (for checking operation compatibility).	OGDCL fields, reservoirs and wells are spread across Punjab and Sindh & vary in terms of formation and temperature/pressure ratings. Furthermore, required tool specifications along with temperature ratings are define in Annexure-A1 under section 3.1 Furthermore, required services (open hole & cased hole) and types of wells (i.e., exploratory, appraisal, development and workover) are clearly mentioned in the tender documents. Required services list indicates the objective/purpose like formation evaluation, reservoir monitoring, pipe recovery, production logging etc. Potential bidder must be capable of providing the required services in line with the tender documents.
