SR #	BIDDERS CLARIFICATIONS	OGDCL COMMENTS
1	<p>In technical evaluation criteria of ITB, Serial No. 4 stated that: "Previous track record for bioremediation process during last 5 years, providing full detail with case histories where services rendered."</p> <p>For companies which don't have much experience in country, can you please consider 3rd party contractor experience who are providing services for bio remediation in Pakistan.</p>	<p>The 05 years' experience for Bio-Remediation process was incorporated to ensure best quality of services within least time frame. The incorporation of a JV credentials, the Clause#05 & subsequently Clause#24.3 of Instruction to the Bidder (ITB) of Tender Documents may be referred before bidding.</p>
2	<p>in ITB Annexure-A Technical Specification under the heading of Pyramid Screens</p> <p>Only one company is patent in providing Pyramid Screens globally which may lead to discrimination. Therefore, we request OGDCL to make it generalize with both Pyramid and Flat screens. OGDCL reserve the right to gauge performance on site.</p>	<p>The Pyramid TM screens given in tender documents exhibit only the general bench mark guidelines having following attributes.</p> <ul style="list-style-type: none">-Should Offer 57 % to 101 % more screen area-Fluid handling capacity up to 125 % as per API RP-13C. <p>As mentioned, OGDCL will gauge the performance as per above parameters.</p>
