

Clarification No: 1

Tender No. PROC-FE/CB/P&P-4305/2019

Hydraulic crane for Nashpa plant

S#	Clarification
1	<p>Ref clause 'J' of TOR, <i>the crane to be provided complete in all respect with 100 % conformance to all codes and standards. All the standard parts/equipments should be manufacturer/company fitted at right place and with right capacity, quantity and size. Therefore, rough terrain hydraulic crane with minimum 50 Ton capacity and load center as mentioned in tender specifications is required. The engine HP/rpm on LOWER side from the tender value will be NOT acceptable.</i></p>
2	<p>This crane will be mostly utilized in oil & gas processing plants for maintenance jobs of engines, compressor, turbine, pumps, heat exchanger, piping, pressure vessels, contacting towers etc, however nature of job may be changed as per requirement. The distance between loading and unloading area varies as per requirement.</p>
3	<p>As already mentioned in clause 5 of tender specifications, it is further elaborated that the electrical devices of crane should be suitable/explosion proof for safe operation in oil & gas sector.</p>
