

CLARIFICATION NO. 04

TENDER NO. PROC-FC/CB/PROD/KNR-4334/2019

DESALTER PLANTS FOR KUNNAR

BIDDER'S QUERY:

1. It is only specified that Inlet pressure it is between 1-10, without any unit. On other point of the requisition detail that the inlet tank it is of 30ft Dia-40ft Height however no details of inlet are provided. Please specify:
 - a. Process Inlet Pressure
 - b. Process Outlet Pressure
2. Skid Limitation dimensions, if any
3. Please clarify with the client that whether only wetter/pressure part will include the NACE MR-0175

OGDCL RESPONSE:-

1. As already elaborated that inlet of desalted is from storage tank having height of 40' and outlet will be stored in the tank od 40' height. Further as the design of desalted is in the scope of bidder therefore bidder may use these parameters for designing accordingly.
2. Regarding skid size, considering the transportation factor, please offer your best design as per best engineering practices.
3. Regarding all other issues, please offer your best design as per best engineering practices
