

CLARIFICATION NO. 07
TENDER NO. PROC-FC/CB/PROD/KNR-4334/2019
DESALTER PLANTS FOR KUNNAR

No.	Tenderer's Question	OGDCL Reply
1	<p><i>We are offering the latest process design of De-Salter which comprises of a heater treater instead of conventional heat exchanger. As per the process calculation of our offered design , the heat exchanger is not necessary for the correct unit operation. Please confirm whether this new design is acceptable by OGDCL</i></p>	<p>As per tender, bidder is responsible for design and process calculation. Therefore bidder to quote its best possible design.</p>
2	<p><i>As per provided clarification response earlier by OGDCL , tank height is 40ft and distance of tank from vessel is 300-400m; Kindly provide the pipe material and the diameter of pipes – (required to calculate the pressure drop along the pipe.)</i></p>	<p>There is no piping network present at time however it is supposed that 4 or 6 inch CS pipe will be used for said purpose.</p>
