

Clarification 02

PROC-FB/CB/DO-4532-A/2020 - Choke & Kill Manifold; MISL 202012-4640

Clarification:-

Please confirm if you need the manifold in skid form or need loose components. The reason for asking this question, the dimensions of the skids are 18'x18'x6' & 12'x11'x3' these skids will be shipped on an open rack whose freight cost is too high. Also the domestic transportation of these skids would be a challenge.

Reply:-

Please quote as per tender requirement .i.e. Skid mounted choke manifolds along with spares.
