PROCUREMENT OF
120 M.TON SPOTTING CHEMICAL

One of the Prospective bidders has made a query against the subject Tender Enquiry. The query along with OGDCL reply is given below for information of all the prospective bidders.

CLARIFICATION / QUERY	OGDCL's REPLY
<p><u>Query # 01:</u></p> <p>The above-mentioned Tender TOR clause 8 Mentioned that Sample has to be accompanied along the Bid and the tracking details of the International courier will not be accepted where as you know that the sample needs to be tested as well and it takes time to reach with in time. Also, the COVID situation have created issues in getting the couriers on time. We will try to submit the sample on time but if not kindly accept the Tracking Details receipt from the International which will give clear evidence that the sample was dispatched before the Tender opening date i.e. 24th August. I hope that this would be acceptable by OGDCL as it will help International bidders as well and will be beneficial for a healthy competition.</p>	<p><u>Clause # 08 of "TOR/Instructions to Bidders"</u></p> <p>All the bidders must have to provide/ submit the 1 Kg sample of the quoted product (conforming to OGDCL requirement as per Section (A & B) along with technical bids at the time of bid submission. The valid receipt/tracking details supplied through national / international courier services has to be accompanied with the bid. If the sample is not submitted with the bid, it will not be accepted in any case after 10 days & will lead to disqualification of the bid.</p>
