TENDER ENQUIRY NO. PROC-SERVICES/CB/DO-4606/2020

HIRING OF UNDER REAMER SERVICES UNDER RATE RUNNING CONTRACT ON AS AND WHEN REQUIRED BASIS

One of the Prospective bidders has made a query against the subject Tender Enquiry. The query along with OGDCL replies is given below for information of all the prospective bidders

Sr #	OGDCL Requirement in Tender	Bidder Comments	OGDCL Comments
01	Tender Document Page 2 Line Item # 02 The lost in hole value of under-reamer equipment is to be provided for evaluation purpose. Financial proposals without LIH value will not be considered for further	Contractor require that the maximum applicable depreciation for the LIH is 75% in addition of the Cutter arm charge. The reason for this exception is that the tool does include internal parts that are not subject to depreciation.	LIH should be as per TOR
02	Tender Document Page 3 Line Item # 10 The bidder will provide fishing tools for recovery of offered Under-Reamer at no extra cost.	Contractor will provide their tools specifications with complete dimensions for fishing purpose hence fishing equipment can't be provided as its not part of our product line and no equipment is available in country. This contract requires services of Under Reamers or OGDCL requires fishing tools to be included in the contract as well. Proposed Amendment Fishing tools can be included in additional products which can be supplied if required from the price list.	Bidder to provide only the fishing tools for the offered under-reamer at no extra cost. However, fishing services will be provided by OGDCL.
03	Tender Document Page 4 Line Item # 3 (Mob/Demob) The mobilization time for Under-reamer services should be less than 24 hours.	Mobilization time of 24 hours in not possible because these tools are assembled before every job to avoid any damage to seal and internals. Minimum 03 days of mobilization time is required for any tools of 12-1/4" & 8-1/2" locally available in Pakistan and for 17-1/2" & 5-7/8" hole size tools will require 12 weeks' notice period.	All the tools should be available in Pakistan after award of contract and mobilization notice should be as per TOR.
04	Tender Document Page 5 Line Item # 4 (Evaluation Criteria Table) inventory in order to prove Company's ability to undertake minimum three simultaneous OGDCL jobs for the same size.	Equipment requirement should be reduced to 2 simultaneous jobs otherwise company should provide exact volume of work in each size to commit this much inventory in Pakistan. Moreover, Contractor is willing to increase inventory based on activity in future.	As per TOR

05	Bidder to provide the hydraulic Under-reamers with integral blade stabilizers	<p>Please confirm if OGDCL will accept generic under-reamers.</p> <p>Under Reamers are designed to have inherent stabilization features however, separate blade stabilizers can be added in the BHA and supplied by the vendor. Please advise if separate Blade Stabilizers will be acceptable to OGDCL.</p> <p><u>Proposed Amendment</u> Acceptance of both options of blade stabilizers. (Embedded and Separate tools to be included in Under Reamer BHA)</p>	<p>Integral blade Stabilizer is preferred. However, the contractor is required to have under-reamer stabilizer along with tool. Therefore, bidder can quote with integral blade stabilizer and separate blade stabilizer.</p> <p>Separate blade stabilizer will be provided by bidder and its cost will be included in the under-reamer.</p>
06	Lost in hole value of equipment with annual depreciated/sliding scale is also to be quoted in bid and be supported with documents. Depreciation rate will be 1.66% per month for LIH Under-reamer with provision to date manufacturing of equipment	<p>Please elaborate as what is going to be the salvage value of the tool as every tool has 70% of consumable items which will be new every time and the body of the tool is re-runnable after redressing.</p> <p><u>Proposed Amendment</u> More than 70% parts of an Under Reamer are consumable items which are changed/redressed for every run. This includes cutter block, drive rods, Arms etc. hence we suggest OGDCL to cap the depreciation</p>	LIH should be as per TOR
07	In Terms of Reference; Equipment; S. No. 2 – Depreciation rate will be 1.66% per month for LIH.	There is no capping of mentioned depreciation for the LIH equipment. Please advise on the capping for depreciation of equipment.	Bidder to follow instructions as per TOR regarding depreciation of equipment. There is no capping mentioned in TOR
