Some of the prospective bidders have raised some queries against the subject case. The queries alongwith OGDCL reply are listed below for information to all prospective bidders

Sr. No.	Reference Appendix/ Article/ Sub Article	Clarification	OGDCL Reply
1	Equipment Manufacturer requirement	<p><u>Bidder to confirm equipment manufactured by reputed western manufacturer & Equipment manufacturing date will not be older than 05 years.</u></p> <p>Please confirm if the company can provide the high-quality equipment which is manufactured by well-known Chinese manufacturer, is this acceptable by OGDCL?</p>	As per TOR
2	LWD Services	High-end LWD (with radioactivity and sound waves) of various sizes are listed in <u>"RATE FORMAT FOR DIRECTIONAL & PERFORMANCE DRILLING SERVICES"</u> list, but only MWD is rated on <u>"FINANCIAL EVALUATION CRITERIA FOR DIRECTIONAL & PERFORMANCE DRILLING SERVICES"</u> scale. Are LWD services not mandatory?	LWD services are mandatory, Bidder to quote all the prices in rate format as per TOR.
4	Numbers of well with LWD Services	In the south and north region Wells, how many Wells are expected to use LWD services?	Actual no. of well using LWD services are subject to geological/operational requirement of OGDCL

5	Requirement of Mud Motors & MWD	The requirements of Mud Motors and MWD for large (11.6 ") and small (3-7/8") sizes are stated in the "RATE FORMAT FOR DIRECTIONAL & PERFORMANCE DRILLING SERVICES LIST, but the tool sizes listed in the FINANCIAL EVALUATION CRITERIA FOR DIRECTIONAL & PERFORMANCE DRILLING SERVICES only ranges from 9-5/8 "to 4-3/4". Are the 11.6 "and -3-7/8" tools mandatory?	11.6 " and -3-7/8" tools are mandatory, Bidder to quote all the prices in rate format as per TOR.
6	Radioactive source License for LWD	<u>The bidder must have license / approval from PNRA for the provision, storage & handling of radioactive sources for LWD service.</u> For the radioactive license, can we acquire the storage and handling license after the LOI issued?	Bidder may acquire the license of RA sources after issuance of LOI, However the same will be confirmed by bidder.
7	Operating rate & Circulating rate	<u>Daily Operating rate per day for equipment will be applicable only for the tools when RIH below rotary table excluding circulating time and will not apply on back up tools at well site.</u> Please clarify and specify the circulating time phase and the operating rate phase? According to our understanding during the tools below rotary table when the pump stops the operation rate per day is applicable, when the pump starts the circulating rate per hour is applicable.	Operating rate of the equipment is on Daily basis when tools RIH below the rotary table. Circulating hours of the tools are on hourly basis so it should not be confused with operating rate of equipment.
