

CLARIFICATION NO. 02

TENDER ENQUIRY # PROC-SERVICES/CB/PROD-4780/2020 **HIRING OF SURFACE WELL TESTING SERVICES**

Following clarification may be uploaded against subject tender for information for all prospective bidders.

OGDCL response to the requested clarification regarding below points against Tender Enquiry No. PROC-SERVICES/CB/PROD-4780/2020, HIRING OF SURFACE WELL TESTING SERVICE is as under:

| Sr. No. | Bidder's Clarification | OGDCL Reply |
|---------|---|---|
| 1. | Regarding mobilization to OGDCL wells; OGDCL wells are 500 – 1300 kms away, bidder can provide tentative mobilization period & tentative time of arrival. Whereas, subject bid clause 2.30 "The maximum mobilization time of equipment/crew regardless of engagement with any other customer is 10 Days" should prevail & should take priority. The said request is as per standard industrial practice. | Yes, "The maximum mobilization time of equipment/crew regardless of engagement with any other customer is 10 Days" should prevail & should take priority. |
| 2. | As per subject clause 2.9. "Bidder to manage X-over/s both upstream and downstream for SWT jobs" the tender document is regarding 10k psi SWT; therefore requirement of x-overs should be till 10k psi rating. Please confirm. | Yes, confirmed. |
| 3. | Subject ITB clause 2.24. "Only that equipment is considered in operation through which well effluent actually passes" please confirm following: | |
| 3.1 | Who will handle the contractor equipment, if storage tanks or any liquid filled vessel are filled with liquid/hydrocarbons. It is requested that contractor equipment may be handled by contractor supervision & personnel, please. | OGDCL will handle and shift the crude/liquid hydrocarbon from the tank/vessel in the presence of bidder's representative. |

| | | |
|-----|---|--|
| 3.2 | In this case OGDCL will pay the equipment operational cost & hopefully OGDCL pay the crew operational cost, too. Will OGDCL pay the transfer pump, other equipment used. | When the well is shut-in both the crew and equipment will be paid as standby. So in this case only standby charges will be applicable. However, if crude transfer pump of the contractor is used, operating charges of transfer pump will be applicable. |
| 3.3 | In this case of single or two equipment filled with liquid/hydrocarbons & the other equipment may not be picked up due to non-emptiness of liquid/hydrocarbon storage tanks/vessels. Will OGDCL pay the standby charges of the other equipment. | Yes |
| 4. | We request extension in bid submission date of one month, as we require additional time for bid preparation. We hope you will understand our position & provide us the flexibility. | As communicated earlier bid submission date cannot be extended. |
