

**Clarification regarding Tender Enquiry PROC-FE/CB/ECMP-
4843/2020 for Multi Geophone Strings & Spares**

Query:

“Please confirm the cable type (dry or filled?) for land geophone string and marsh geophone string. It is not mentioned in the tender document and the 4.6mm cables are usually dried. Please confirm.”

Reply:

Bidder may be requested to follow the specifications given in OGDCL TOR, keeping in view terms & conditions clause 7(d & e) to provide leakage free & water proof cables.
