

## Clarification No. 04

### TENDER ENQUIRY NO. PROC-SERVICES/CB/WS-4924/2020

#### HIRING OF DRILLING FLUID WASTE MANAGEMENT SERVICES FOR WATER BASE MUD

Sr # No.	Clause or Article	Reference	Clarification Request	Response
1	Page 16 point xi	Contractor has to follow applicable environmental regulations and related National Environmental Quality Standards(NEQS) strictly either by treated mechanically, chemically or by dilution.	Who will decide which method to be used? As chemical way normally remove solids, so if by chemical way cannot reduce the chlorides, bidder can automatically change into mechanically way, such as mechanical disposal or dilution method.	PAGE -16 POINT XI,REFERRED TO DEWATERING UNIT NOT MECHANICAL DISPOSAL. MECHANICAL DISPOSAL HAS BEEN GIVEN AT PAGE # 18 ,SUB SECTION :K.
2	Page 16 point xi	Contractor has to follow applicable environmental regulations and related National Environmental Quality Standards(NEQS) strictly either by treated mechanically, chemically or by dilution.	Which technology will be priority?	I-CHEMICAL TREATMENT, II-MECHANICAL, III-DILUTION
3	Page 13 G Centrifuge (FHD)		VFD drive have less power requirement, and have same performance, and it is used in OGDCL water treatment for more than 2 yrs, not have any issue, please confirm OGDCL agree with the VFD centrifuge (VFD and FHD comparison also provide in attachment)	CLAFICATION HAS ALREADY BEEN GIVEN.
4	Page 40	Summary of: CDFR, Dewatering unit, disposal/decanting/evaporation of treated water, WBM / effluent / brine transportation services, treatment of WMB cutting, disposal of WBM cuttings and pit restoration - Reference to price (X) - total cost of mechanical disposal services of treated waste water services for 02 years	As the technology is not defined by OGDCL and different technology may cause financial impact for achieving maximum disposal volume, it is requested to keep this technology Mechanical dispsosal of waste water from financial evaluation process and make it as additional services or wither confirm which technology OGDCL wants to utilize for disposal.	IN ORDER TO GET BEST COMPETATIVE RATE, IT WILL REMAINS PART OF FINANCIAL EVALUATION PROCESS. FURTHERMORE, OGDCL HAS SPECIFIED ITS REQUIREMENT FOR MECHANICAL DISPOSAL IN THE TENDER DOCUMENTS IN SECTION C(K)
