

## **Clarification**

### **PROC-FB/CB/DRLG/D-5086/2021, Ring Gaskets**

#### **Clarification 1:**

Please advise about item# 9. was it a typo and correct size was R95 instead of written RX95 or please give the drawing for the RX95 ring as it is not a standard ring.

#### **Reply:**

Ring Gasket at Sr # 9 of SOR may be read as R95 instead of RX95.
