

**CLARIFICATION#1 AGAINST TENDER # PROC-SERVICES/CB/EXPL-6400000123/2023**  
**BULLET PROOFING OF TOYOTA VEHICLES FOR SEISMIC FIELD PARTIES**

Following Clarifications have been made in the subject tender:-

S. No.	Bidder's query	OGDCLs reply
1	<b>DELIVERY OF VEHICLES:</b> What date vehicles will be delivered for Armoring at contractor's premises, after contract?	Tentative delivery of Vehicles will be 09 Months from date of signing of contract, keeping in view the current supply chain issues of vehicles manufacturer.
2	<b>COMMERCIAL IMPACT:</b> The RFQ calls for Contract period of 2 Years, after the contract is awarded. Considering current inflation rate, and fluctuation in PKR to USD exchange rate, please guide us how one can maintain the prices. It is pertinent to mention that the all components and Raw Material used in Armoring of vehicles is imported from abroad.	Contract shall be valid for a period of 02 years and as per draft contract clause # 4.2 during the validity of contract prices shall remain firm. The volatility of exchange rate can go either way i.e. increase or decrease, therefore, bidders are requested to forecast their prices prudently considering all factors/overheads to minimize the risk.
