

# **Clarification No. 05**

**PROC-SERVICES/CB/DF-6400000131/2023**

## **HIRING OF DRILLING FLUID WASTE MANAGEMENT SERVICES FOR WATER BASE MUD**

One of the Prospective bidders has made a query against the subject Tender Enquiry. The query along with OGDCL replies is given below for information of all the prospective bidders.

S. No	ITB Document Reference	CLARIFICATION	RESPONSE
1	Ref to document no: TE-DF-64-131, In article 2.1, 2.2 & 2.4, it defines the no of sets of CDFR, floc units as well as bowser only.	Kindly clarify how many units of mechanical evaporation is required.	For evaluation purpose, bidder will submit only the detail report of offered equipment.
2	Ref to document no: TE-DF-64-131, In article 42, client specify the requirements of sprinkling on Road/ TMA or disposal sites by Land owner with NOC.	Kindly specify the locations or block that OGDCL intends to drill in North & South during this tenure of contract for our better understanding of area, associated problems, and relevant cost for either requirement of sprinkling /TMA or acquiring of land.	Location & block are not confirmed yet.
3	Ref to document no: TE-DF-64-131, Section C, in article I, item Xiii, client specify the thirdparty certificate in case of disposal of discharge into inland water or sewage system.	Kindly clarify if third party testing requirement is for each batch as it usually takes 7 to 10 days from third party?	As EPA has sets the standard for disposal of fluid into inland water and sewage system hence TPI report is necessary. Dewatering is continuous process when one batch will almost ready contractor will contact head office for third party sampling witnessing before disposal if contractor necessarily required to disposed off into in inland waters or sewage system.
4	Ref to document no: TE-DF-64-131, Section E, Article 1, CDFR break up of CDFR system table, item 1-c, it shows that screens mentioned as per day operational.	Screens are usually charged on consumption basis. Kindly confirm how screens can be accommodated in rental /operational cost?	Evaluation criteria will remain the same however, service provider companies are much aware of estimated number of screen usage & bidding cost estimations for screens.
