

Clarification No. 01

TENDER ENQUIRY NO. PROC-SERVICES/CB/WS-4500/2019

HIRING OF ACIDIZATION SERVICES TO RELEASE THE STUCK STRING

| SR # | BIDDERS CLARIFICATIONS | OGDCL COMMENTS |
|------|---|--|
| 1 | We are planning to add QHSE section in technical bid; however, we are unable to find any requirement of this section in TOR. Please let us know if there is any specific requirement for QHSE or where can this be incorporated. | Each Service Company will have to provide its own HSEQ Policy. |
| 2 | Some of the chemicals in financial bid are available with different unit of measurement, chemicals and units are mentioned below: <ul style="list-style-type: none">• Iron Control Agent can be in lbs and gal both.• Ammonium Bi Fluoride is in lbs.• Ammonium Chloride is in lbs. It will be suitable if UOM can be changed for above mentioned chemicals as per availability. MSDS, PDMS and loading will be as per mentioned UOM, in financial bid. | The bidder may be advised to quote UOM as per TOR. |
| 3 | Please confirm number of case histories required to obtain maximum marks in technical evaluation criteria, similarly, as mentioned for maximum year of experience in industry. | At least 01 Case history is required for each year, (minimum 05 case histories for 05 year), however maximum marks can be obtained in case of having experience more than 05 year. |
| 4 | "Established base" is required as per TOR # 11 in both North and South Region. As per Sprint understanding, established base include all facilities required for running operation standalone from base; this includes equipment parking area, chemical storage area, maintenance workshop, pressure test area and warehouse. Please confirm if same is required by OGDCL. | As per Clause 10 of TOR " Each bidder must have well established bases (at least 02 bases, 01 for North region in Islamabad or near Islamabad & 01 for South region in Karachi or near Karachi) along with chemical yard having substantial quantities of required chemicals (local & imported) & equipment's for provision of acidization services on as & when required basis" |
