

**CLARIFICATION NO. 4**  
**TENDER ENQUIRY NO. SER/CB/DO-6400000098/2022**  
**HIRING OF UNDER BALANCE DRILLING SERVICES**

<b>Bidder's Clarification</b>	<b>OGDCL Response</b>
1. Please share the program of the well or previous drilled well program, it is convenient for us to verify whether our MPD system can meet your requirement or not.	Previous drilled Well plan is attached.
2. OGDCL requires UBD at 8 1/2" hole section not MPD, but according to our experience that MPD system can meet the requirements for 8 1/2" hole, so OGDCL has some special equipment for 8 1/2" hole or you can share the information for drilling fluid properties?	As per TOR
3. According our operation experience not only Pakistan but the other country, MPD can meet all of the requirement both 12 1/4" and 8 1/2" hole, so can we only supply the MPD system for OGDCL?	As per TOR
4. However during the preparation of bidding document in the constraints time we still need some time to confirm the technical issues. We hereby apply to extend the bid closing time 2 weeks more from 19th January	Bid Submission date already extended by two weeks up to 2 <sup>nd</sup> February, 2023.
