2	M/s. Sprint Oil & Gas Services FZC (Pakistan Branch), Islamabad in JV with M/s. Baker Hughes EHO Limited, Pakistan and M/s. Technical Petroleum Services, Oman.	-	No	Bidder submitted the contracts with M/s. Baker Hughes EHO Limited, Pakistan and M/s. Technical Petroleum Services, Oman, but the responsibilities cannot be identified clearly. M/s. Sprint claimed that all the work will be designed and executed by M/s. Baker Hughes EHO Limited, Pakistan under the umbrella of M/s. Sprint but the framework agreement between the two companies does not mention it clearly. According to the framework agreement between M/s. Baker Hughes EHO Limited and M/s. Sprint, clause 02, the agreement does not obligate M/s. Baker Hughes EHO (supplier) to provide services and/or products to customer i.e. M/s. Sprint. The bidder was asked to clarify but in final response, the bidder was unable to convince JV partner who will design and execute the entire job, to hold any kind of liability and thus could not clarify the position in this regard.
