

PROCUREMENT OF VALVES FOR KPD-TAY PLANT

TENDER # PROC-FC/CB/P&P/KPD-TAY-5366/2022

PRE-BID CLARIFICATION No. 04 DATED 01.06.2022

Sr. No.	Bidder Query	OGDCL Reply
1	<p>Please note that our principal M/s. Fevisa Valvulas have been manufacturing ball valves for more than 15 years and they can provide supporting docs such as previous ISO, API certs and end users letters/PO etc</p> <p>But our principal got first API cert in 2004 but later they updated the certificate and got new API certificate in 2018, therefore please inform us that can you consider manufacturing experience of our principal from 2004 because they got new API in 2018 and previous was withdrawn. But our principal have ISO certificates since more than 15 years. Kindly inform us about the staus of API certificate of our principal so that we may prepare our proposal easily.</p>	<p>Any manufacturer who can prove at least 15 years' of experience in manufacturing of valves through verifiable purchase orders/contracts or any other relevant documents shall be acceptable.</p>
2	<p>Please note for the following items under the tender, we need to use Nylon as seat material considering Pressure/Temperature of the seat material, please advise acceptance.</p> <p>Seats Material: Filled TFE VB-224: 10"-CL600 / VB-211: 20"-CL300 / VB-222: 12"-CL600</p>	<p>Please comply with specifications as per TOR.</p>
