TERMS OF REFERENCE (TOR)

SCOPE OF WORK:

1. OGDCL invites well reputed companies meeting technical evaluation criteria to submit comprehensive proposals for offering the services of Certified BOPs on rental basis through rate running contract for a period of 01 year.
2. OGDCL has planned to drill number of exploratory and development wells during Fy.2020-21 & 2021-22. The bidder has to provide the required "HPHT Blow-out Preventer Equipment on rental basis for 01 years' period on call-out basis" (as and when required).
3. Well reputed firms/drilling contractors based in Pakistan or companies committed to set up a base in Pakistan are invited to submit most competitive proposals for provision of BOPs on rental basis for OGDCL wells. As per annual plan each year OGDCL expected to drill ± 30 wells using ± 16 drilling rigs.

INSTRUCTIONS TO BIDDERS:

1. The bidder will have established base/warehouse with sufficient tools inventory/back up in Pakistan or will ensure in writing in their bid to establish a base to meet the requirement after award of contract for back up inventory and redressing of the tools. In case bidder don't have established workshop in Pakistan then it is mandatory to establish workshop within 45 days after issuance of LOI. Confirmation to this effect is required with technical bid.
2. Bids are invited from the Companies capable to handle the OGDCL work load and having BOP test stump and BOP storage stand base. The workshop crew to be experienced and professionally competent for the maintenance / redressing of the BOPs.
3. All offered BOPs will have valid certification during the tenure of contract. In this regard, Bidder will offer only those BOPs having at least 02 years certification valid from the bid submission date.
4. Bidders are to fill rate format & evaluation criteria sheets enclosed with bid document. Submission of rates on the enclosed sheet is mandatory.
5. Bidders to provide detail of total number of BOPs & inventory list with make, and manufacturing year with proposal. Quantity of available inventory of BOPs inside Pakistan (if available) to be also provided.
6. The bidder shall provide technical specification including operating parameters sheets for all proposed equipment and should be included in technical bid submission, and shall provide advice to OGDCL on proper methods of utilizing equipment and in case of acceptance of proposal, payment for spares replacement cost will be made only if the tool has been operated beyond the defined limits.
7. The service company will emboss the BOPs serial number on the body of all major components of the BOPs. Re-imburement of replaceable damaged parts of BOPs

or damage beyond repair will be made after verification and deposit of the equipment at OGCL store. Bidder to submit DBR (damage beyond repair) cost of each equipment in the financial bid.

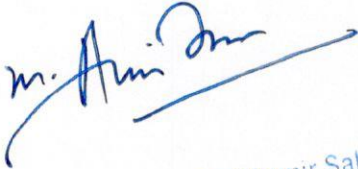

8. Bidders are to attach BOPs manufacture's rate list as cost of replaceable spares and machine shop charge (required in case of BOP damage). However, such payment will only be made only after necessary verification/inspection by OGDCL professionals.
9. Bidder to provide height & drawing of each BOP.
10. The bidder will be responsible for inspection, repair, maintenance, calibration and provision of certification for equipment.
11. The service company will be responsible for storing, packing, marking and transportation of Equipment and materials to company site across Pakistan.
12. Consumables necessary to operate and support the Blow-out Preventer equipment will be bidder's responsibility.
13. Lump sum package cost of minimum 30 days rental will be paid (applicable from the day of arrival to well site till 30th day), if equipment is in operation.
14. If total number of days exceed from 30 days then afterwards lump sum operating or lump sum Stand by rate will only be applied to the excess number of days in addition to lump sum 30 days package cost as per definitions below:
 - a) **Lump sum Package cost:** will commence from the day equipment arrive at location till 30th day if equipment is in operation.
 - b) **Lump sum Standby day rate:** will commence when equipment is not in operation.
 - c) **Lump sum Operating day rate:** will apply when equipment is in operation.
15. For allied BOP equipment/individual items, minimum 30 days operating rental will be paid (applicable from the day of arrival to well site till 30th day), if equipment is in operation Condition then afterwards individual operating day rate or individual standby rate will be applied, as per definitions below;
 - a) **Individual Operating Rental Rate:** will commence from the day equipment arrive at location till 30th day then afterwards will only be applicable when equipment is in operation.
 - b) **Lump sum Standby day rate:** will commence when equipment is not in operation.
16. The bidder will be responsible for any damage caused by mishandling of equipment, improper expertise or material itself is not up to mark. Company is not liable to pay for such damage. The bidder is required to prepare proposal valid for one year. The financial proposal will contain rates for complete package and for each part separately for each size of BOP as per rate format.
17. OGDCL will be responsible to install/uninstall BOP.

TECHNICAL EVALUATION CRITERIA**1. MANDATORY CRITERIA**

S. #.	Description	Criteria	Bidder's Response
1.	All bidders to provide and comply with technical and general requirement as defined in T.O.R	Mandatory	
2.	All bidder's equipment must have at least 02 years valid certification from the bid submission date.	Mandatory	
3.	Bidder will be responsible in storing, packing, marking and transportation of equipment and materials.	Mandatory	
4.	Equipment mobilization time to well site should be 30 days after confirmation from Company along with Required tools with backup to conduct the job.	Mandatory	
5.	Bidder to confirm to send equipment all over Pakistan including Baluchistan and KPK.	Mandatory	
6.	The bidder should have base facility in Pakistan or give assurance in writing to set a base after award of contract.	Mandatory	
7.	Bidder must have minimum 02 years BOP rental/BOP Management/BOP usage experience	Mandatory

Sr. Engineer

22	Kill Manifold Assembly 3-1/16" or 4-1/16"-15 K & 10K Psi WP with one NRV and 03 gate valves 3-1/16" or 4-1/16"-15 K & 10K Psi WP.	1			
23	Flexible Kill Line or Coflex 3-1/16" or 4-1/16"-15 K & 10K Psi WP, 12 M in length with one manual gate valve 3-1/16" or 4-1/16"-15 K & 10K Psi WP and one Hydraulic actuated valve 3-1/16" or 4-1/16"-15 K & 10K Psi WP.	1			
24	Upper Kelly cocks for 3-1/2" Drill pipe sizes 15 K Psi & 10K Psi WP.	1			
25	Upper Kelly cocks for 5" Drill pipe sizes 15 K Psi & 10K Psi WP.	1			
26	Lower Kelly cocks for 5" Drill pipe sizes 15 K Psi & 10K Psi WP.	1			
27	Lower Kelly cocks for 3-1/2" Drill pipe sizes 15 K Psi & 10K Psi WP.	1			

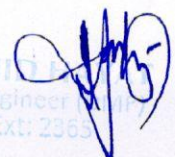

4). Financial evaluation criteria for complete BOP with all accessories

S.#	OGDCL Description	QTY required in single package	b=Lump sum daily operating rate in (US\$) c=bx15 days	d=Lump sum daily standby rate in (US\$) e=dx2 days	Total Cost=c+e
1	29-1/2" X 1000 PSI Annular BOP complete with all accessories including drilling spool	1			
2	26-3/4" X 3000 PSI Single Ram BOP complete with all accessories including drilling spool	1			
3	20-3/4" X 3000 PSI single ram BOP complete with all accessories including drilling spool	1			
4	21-1/4" X 5000 PSI Single Ram BOP complete with all accessories including drilling spool	1			
5	21-1/4" x 2000 psi Annular BOP complete with all accessories including drilling spool	1			
6	13-5/8" x 10000psi double ram BOP complete with all accessories including drilling spool	1			
7	13-5/8" x 5000psi Annular BOP complete with all accessories including drilling spool	2			
Cost A (US \$)

5). FINANCIAL EVALUATION CRITERIA FOR INDIVIDUAL ITEMS/ALLIED ACCESSORIES OF BOP

S#	OGDCL Description	QTY required in single package	g= Daily operating rental of Individual line item of required QTY (US\$) h=gx15days	i =Daily Standby rental of Individual line item of required QTY (US\$) j=ix2days	Total cost= h+j
1	Rates of all individual items/allied accessories with required quantity of 29-1/2" x 1000 PSI Annular BOP (including all items mentioned at Rate Format list Sr # 1 from a to d)	1			
2	Rates of all individual items/allied accessories with required quantity of 26-3/4 x 3000 PSI Single Ram BOP (including all items mentioned at Rate Format list Sr # 3 from a to g)	1			
3	Rates of all individual items/allied accessories with required quantity of 20-3/4" x 3000 PSI single ram BOP (including all items mentioned at Rate Format list Sr # 4 from a to g)	1			
4	Rates of all individual items/allied accessories with required quantity of 21-1/4" x2000 PSI Annular BOP (including all items mentioned at Rate Format list Sr # 6 from a to d)	1			
5	Rates of all individual items/allied accessories with required quantity of 21-1/4" x 5000 PSI Single Ram BOP (including all items mentioned at Rate Format list Sr # 7 from a to g)	1			
6	Rates of all individual items/allied accessories with required quantity of 13-5/8" x 10000psi double ram BOP (including all items mentioned at Rate Format list Sr # 9 from a to r)	1			
7	Rates of all individual items/allied accessories with required quantity of 13-5/8" x 5000psi Annular BOP (including all items mentioned at Rate Format list Sr # 10 from a to d)	1			
Cost B (US \$)					

6). FINANCIAL EVALUATION CRITERIA FOR BACKUP/SPARES ITEMS

S.#	OGDCL Description	Lump sum cost of all necessary spares for said BOP in US\$
1	Rates of all back up/spares items with required quantity of 29-1/2" X 1000 PSI Annular BOP (including all items mentioned at Rate Format list Sr # 1 from a to d having Qty 01 unit (Nos or sets)	
2	Rates of all back up/spares items with required quantity of 26-3/4" X 3000 PSI Single Ram BOP (including all items mentioned at Rate Format list Sr # 3 from a to g having Qty 01 unit (Nos or sets)	
3	Rates of all back/spares items with required quantity of 20-3/4" X 3000 PSI single ram BOP (including all items mentioned at Rate Format list Sr # 4 from a to g having Qty 01 unit (Nos or sets)	
4	Rates of all back up/spares items with required quantity of 21-1/4" X 2000 PSI Annular BOP (including all items mentioned at Rate Format list Sr # 6 from a to d having Qty 01 unit (Nos or sets)	
5	Rates of all back up/spares items with required quantity of 21-1/4" X 5000 PSI Single Ram BOP (including all items mentioned at Rate Format list Sr # 7 from a to g having Qty 01 unit (Nos or sets)	
6	Rates of all back up/spares items with required quantity of 13-5/8" x 10000psi double ram BOP (including all items mentioned at Rate Format list Sr # 9 from a to r having Qty 01 unit (Nos or sets)	
7	Rates of all back up/spares items with required quantity of 13-5/8" x 5000psi Annular BOP (including all items mentioned at Rate Format list Sr # 10 from a to d having Qty 02 units (Nos or sets)	
Cost C (US \$)		

7.) EQUIPMENT TRANSPORT CHARGES from Contractor base to well site

Location	Equipment Transport Charges per km in US\$	Equipment Transport cost for 2000 km in US\$
All over the Pakistan		COST (D)=transport charges/km x 2000km

Note: Transportation charges for North region wells will be calculated from Islamabad base whereas for Centre & South region wells it will be calculated from Karachi base.

8). FINANCIAL EVALUATION SUMMARY SHEET

S#.	Description	Values US\$
1	Sub Total – Cost(A)	
2	Sub Total – Cost(B)	
3	Sub Total – Cost(C)	
4	Sub Total – Cost(D)	
5	Total Evaluated Value	

Note:

- The quoted prices shall be inclusive of all taxes except PST/ICT as per draft contract clause # 05 of OGDCL.
- Technically compliant and financially lowest evaluated bidder will be awarded the contract of subject services.
- The case is a rental of BOP and all the responsibility is at contractor side as per ITB clause#14.
