TECHNICAL EVALUATION REPORT

RFP NO.: OGDCL-SCM-LBB-PT-PNP-Doc247065806-2024

DESCRIPTION OF THE RFP: Propane for Sinjhoru

TECHNICAL BID OPENING DATE: 04-06-2024

Justification for single bid.

Commercial Propane is being used as refrigerant at Sinjhoru plant and vital requirement of smooth plant operations for LPG recovery. The case was advertised twice but not even a single bid received. Indenting/P&P department have only option of retendering and case is being retendered third time. Single bid of M/s Pakistan Oxygen Limited is received for the procurement of Propane which is Technically Responsive In-charge Process Sinjhoru apprised that stock is very critical and none availability of Propane will affect the LPG gas processing plant leading to shut down, therefore they requested to expedite the early delivery of Propane. Therefore, keeping in view the extreme urgency and high criticality at plant approval and consent of GM (P&P) may please be requested to entertain the single bid being technically responsive please.
