

## TECHNICAL EVALUATION REPORT

**RFP NO.: OGDCL-SCM-SERVICES-CB-EXPL-231918620-2024**

**DESCRIPTION OF THE RFP: HIRING OF SERVICES FOR INTEGRATED GEOLOGICAL STRUCTURAL MODELING AND GEO MECHANICAL MODELING STUDY OF FATEH JUNG AND SOGHRI E.L. AREA**

**TECHNICAL BID OPENING DATE: 21st March, 2024**

S. No.	Name of Bidder	Status (Technically Responsive/ Non- Responsive)	Remarks (Reasons of Rejection)
1	M/s Weatherford	Technically Responsive	
2	M/s Schlumberger Seaco Inc.	Technically Responsive	
3	M/s Falcon Geoconsulting & M/s AAA Energy Resources.	Non- Responsive	Reference annex-2 of technical bid, Falcon Geoconsulting/ AAA Energy is disqualified for having less than 10 years of experience. Falcon Geoconsulting was established in 2016 (as per Certificate). The technical evaluation committee sent a clarification on 14-05-24 regarding the company experience clearly mentioned in the study TOR, to which the bidder responded with an affidavit/letter head mentioning dates when the company was established. The committee again sent a clarification on 21-05-24 to the bidder to provide incorporation certificate of the company as per the dates mentioned in the affidavit/letter head, which the bidder failed to provide.
4	M/s DeGolyer and MacNaughton	Non- Responsive	Reference annex-I of the technical bid, D&M provided the list of 20 projects which were completed by D&M and SGI (10 each) in last 20 years. It was observed that at the time of bid submission, D&M solely submitted the bid as a single company and no JV agreement with SGI was submitted. Sub clause 25.3.1 of the TOR states "The JV agreement shall be signed and provided with the technical bid so as to be legal binding on all partners". In order to resolve this issue, a clarification was sent to the bidder 04/18/2024 to provide the JV agreement with SGI. In response of this clarification, the bidder submitted a MOU which seems not to be as legal binding. In the absence of JV agreement, the projects done solely by the D&M were considered towards the technical evaluation and the bidder obtain only 11 marks which resulted in the disqualification from the bidding process.

**Note:**

1. Bidder may submit grievance within Seven (07) days of announcement of Technical Evaluation Report.
2. The grievance if any shall be sent to [bgrc@ogdcl.com](mailto:bgrc@ogdcl.com) as per format available on OGDCL website.

TECHNICAL EVALUATION MARK SHEET								
Description			Qualifying Criteria	Maximum Points	Points Obtained			
					M/s Weatherford	M/s Schlumberger Seaco Inc.	M/s Falcon Geoconsulting & M/s AAA Energy Resources	M/s DeGolyer and MacNaughton
1	Question	No. of G & G projects completed by the Company in last 20 years including Integrated Structural Geological Modelling & Geo-mechanical Modelling, Fractures Analysis, Stress Analysis & MEM study in fold & thrust belts.	1 - 20 Projects = 1.5 - 30 Points (1.5 point per project) (If enlisted projects are more than 20 then only 20 top ranked projects based on technical evaluation will be taken into consideration. Unified project will get the highest possible points/marks. Projects that do not covers all components will be marked according to the criteria given in Annexure 1.)	30 (qualifying points 15)	30	28.5	15.5	11
2	Question	Company's Experience in deformed fold & thrust belts in accordance with the defined scope of work for the project.	≥ 20 years of experience =20 points 01-19 years of experience= 01-19 Points (01 point per year)	20 (qualifying points 10)	20	20	8.0	20

**Note:**

1. Bidder may submit grievance within Seven (07) days of announcement of Technical Evaluation Report.
2. The grievance if any shall be sent to [bgrc@ogdcl.com](mailto:bgrc@ogdcl.com) as per format available on OGDCL website.
